Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and legs are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Adams & Carroll, wholesale Druggists, Nos. 3 and 5 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public."
All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.

TUESDAY, APRIL 22, 1914

No country in the world has as many natural trees and plants as imported ones. Nevada has to depend almost entirely on importation for fruits, berries, nuts, and flowers. The sage brush is neither useful or ornamental, and the willow divides its honors, and there is hardly a bush or tree, except the nut pine, that contributes to man's necessities. There is no reason why we should not multiply our present variety of fruit and nut trees by ten. The date palm will grow well, for it is a hardier tree than most people think. It is raised as far north as the 57th degree of latitude. It may not bear fruit in Nevada, but it is a beautiful tree and should be raised for an ornament. The tea plant ought to grow successfully here. It is at home in temperate climates like ours, and will grow well in all parts of the United States. Perhaps Nevada is especially adapted to it. We cannot tell until we try. Let some one experiment and report to the GAZETTE. Plant the bushes five feet apart each way. Gen. LeDuc, of the agricultural department at Washington, will supply roots. The walnut, ash, oak, and many others valuable for fruit and fibre would unquestionably flourish well here.

A SINGULAR COINCIDENCE.

Mrs. Mary Oliver, No. 2, is a modest and high-toned lady whose greatest misfortune is her name. She is a widow lady from Pennsylvania, appointed to a clerkship through Senator Cameron's agency. Newspaper interviewers and the public will not believe her when she says she is not the "Simon pure" Oliver. Her hair has turned gray and her life made miserable by the scandal.

EDITORIAL NOTES.

Cornelius J. Vanderbilt is getting great deal of newspaper puffing for paying a debt of long standing to the heirs of Horace Greeley. We know men who have paid their honest debts, principle and interest, for forty years, and never took fifteen years to do it, that have never had their names on any paper in connection with the transactions, except on the receipts.

The Idaho papers have opened the Indian war campaign. Ten Dog and his band are being shaken at the war department, and more beef eaters called for to swell the settler's profits. Probably he has some old bacon and beans he don't want to carry over until next winter.

The Stock Report says: The Southern Pacific tracklayers on Saturday last reached a point seven miles from Maricopa Wells, and on Thursday next will complete their work for the season, having advanced 160 miles into Arizona.

There must be something wrong at the Eureka Leader office, or the mail department is cutting some queer capers. Half the time we don't get the Leader until its witty paragraphs have become stale, flat and unprofitable.

"Lincoln and Jeff Davis," says an exchange, "were born within a hundred miles of each other." Yes, and they have been getting farther apart ever since. —Patent Outside.

When J. D. dies they will be further than ever apart.

Walt Whitman lectured the other night in New York on the "Death of Abraham Lincoln." What people are anxious to hear about is the death of Walt Whitman.

A Good Place for Chinamen.

New York, April 20.—A San Francisco special says: A Democratic politician from Mississippi, who owns a plantation, said the negro exodus to the Western States would put a new phase on the question of Chinese immigration. He believed that several thousand Chinese would be employed in the South this summer, to take the places of negro laborers who are removing to the West. Sixty of the negroes employed by the gentleman had emigrated westward, and he should, if possible, employ Chinamen to succeed them. Southern Congressmen will hardly oppose Chinese immigration if the planters are compelled to seek the services of the Celestials.

NOTES FROM KANSAS.

[From an Occasional Correspondent.]
EDITOR GAZETTE:—Our legislature closed on the 12th after a stormy session. Investigating committees were in session most of the time to defeat Senator Ingalls, which they very nearly did. Crookedness was proved, but none traced to any of the candidates, and everyone draws his own conclusions. An amendment to the constitution was put before the people to be voted on in 1880, to forever prohibit the sale of liquor, except for medicinal and mechanical purposes, and another to strike out the clause allowing \$200 exemption from taxation. Topeka secured the capital beyond all efforts to remove it. An appropriation of \$60,000 to build the west wing settles the business. Congress has appropriated \$80,000 to put up a court house and postoffice. The legislature also gave \$35,000 for a reform school, to be built within five miles of here, and enough besides to put in order the insane asylum already here. All this, with private improvements, will make it lively for two years. Our surrounding country is rich and reliable and we are the railroad center of the state, so that this is almost certain to be a great city. Kansas is receiving an enormous emigration. Indeed, it seems as if the east must be almost empty, but we suppose they are hardly missed who come. Even California and Nevada are contributing to our swelling population. The negro emigrants are scattering. Many hire out some buy garden patches; others rent on shares, and all seem ready to go to work and to stay. No doubt is felt here as to their future, which depends entirely on themselves, as there is plenty of room.

LATEST NEWS.

The telegraph wires were broken by a storm east of Fort Laramie last night, preventing communication with the east.

Southern planters console themselves with the idea that if all the negroes leave they can replace them with Chinese laborers.

The London journals are severe in their denunciation of the Car in practically placing Russia under martial law.

It is estimated that there are about 46,900 names on the great register of San Francisco, and that 38,000 to 40,000 votes will be polled at the constitutional election on the 7th of May.

The San Francisco stock board has subscribed \$500 for the relief of the Eureka sufferers.

A band of Apaches have escaped from their reservation in New Mexico and taken to the mountains. A company of cavalry is in pursuit.

On Saturday evening last the steamship Great Republic struck on the bar at the mouth of the Columbia river, Oregon, and went to pieces. All the passengers were saved. At midnight on Saturday the last boat left the ship with the first officer, Mr. Lennon, the second officer, Mr. Davis, the boatswain and two sailors and eight waiters, ten of whom, including the two officers and boatswain and seven others, were drowned by the capsizing of the boat in the surf.

Will Not Come till Monday.

Dr. McKenzie, who was announced to lecture to-morrow evening at the pavilion, has written to A. H. Wilbur that he will not come here until next Monday. The Virginians having prevailed upon him to prolong his stay on the Comstock. When the doctor does come, a grand temperance revival may be expected. Dr. McKenzie is one of the greatest temperance orators in the country, being ranked by the newspapers with the celebrated John B. Gough. He has traveled over a great portion of the country, lecturing for the temperance cause, and has everywhere roused the greatest enthusiasm. His success in forming temperance clubs in San Francisco, Carson and other places attests the force of his arguments and the power of his eloquence. He will be certain to be here on Monday night next. As the pavilion cannot be placed in a fit condition to lecture in, it is likely that the method of the churches, probably the Methodist, will be the scene of his labors.

Considered Hopeless.

Drs. Bergman and Hogan have concluded not to amputate Thomas Hitchcock's leg at all. The case, in their opinion, is a hopeless one, and they think it unnecessary to perform an operation that will not prolong life, and which might cause death under the infliction. Hitchcock was very low at latest accounts, and his hours apparently numbered. He has great vitality, though, and may live longer than appearances indicate. His father continues to stay with and watch over him.

Everything Prosperous.

Dr. Snow, who has just returned from a professional visit to Winnemucca valley, informed a GAZETTE man that grass and other vegetation was growing finely in that region. The farmers had partially got their land seeded and were busy seeding the remainder. In other words, the agricultural goose hangs high in Winnemucca valley, and the honest farmer is happy.

If you want cleaned up to the maker, west side of Virginia street, Reno.

RAILROAD MATTERS.

The Shops and Division Headquarters to be Removed to Reno.

A GAZETTE reporter learned to-day, through reliable sources, that the Central Pacific railroad company have finally settled on moving the railroad shops from Wadsworth to this point. The headquarters of the Truckee division will also be removed from Truckee to this place. The precise places where the shops and round house will be located has not been ultimately settled upon. However, the company contemplate building the round house in the upper or Western Addition part of town, and the shops will probably be built where the stock yards are now. The stock yards will very likely be moved farther down the river. This arrangement will result in the abolition of the Truckee division, making one division less on the road. There will only be one division between here and Sacramento, while the Humboldt division will extend to Reno. The consummation of these arrangements will be of incalculable benefit to Reno, while it is advantageous to the railroad company. Any way Reno is naturally the best location for the railroad shops and division headquarters, and it was only a question of time when they would be located here, but it has come sooner than expected.

A Tasty Establishment.

A decidedly handsome and neatly arranged establishment is Osburn & Shoemaker's drug store. The drugs and patent medicines have been so tastefully placed on the shelves that they look almost as tempting as confectionery. The fine show cases, full of perfumery of every kind and description, are elegant and beautiful. The prescription cabinet is a work of high art, and a pleasure to look at. The show and jewelry cases of L. Fredrick, with their rich display of jewelry and silverware, lend their aid to make it still more attractive. Such a pretty store takes the nausea out of the medicines.

Referee's Findings.

Thomas E. Hayden, referee in the case of "L. B. Marshall et al. and D. Z. Yost, intervenor vs. The Golden Fleeces Gold and Silver Mining Company," filed to-day in the county clerk's office his findings of fact and conclusions of law. And it was ordered and decreed by the court that assessments No. 13 and 14, imposed or levied by the trustees of said company are fraudulent and void, and that all sales of shares of said company's capital stock, belonging to plaintiffs and intervenor, made under or by virtue of assessments No. 13 and 14, were and are fraudulent and void.

Arrested for Swindling.

J. D. McKenzie was arrested this afternoon upon complaint of W. F. Everett, charged with the crime of swindling. Mr. Everett says McKenzie has been going around, getting board and other things on an order against him, purporting to have been drawn by one Andy McWilliams, who, Mr. Everett says, he does not owe even know. Coming into town to-day Mr. Everett chanced to learn of Mr. McKenzie's little game, and swore out a warrant. McKenzie says he got the order in good faith and can produce the man who gave it to him.

Another Washoe Suit Settled.

The decision of the supreme court, taken from the *Enterprise*, in the case of "The State of Nevada, ex rel. H. H. et al., Relators, vs. The Board of County Commissioners of Washoe County, et al., Respondents," is published to-day. This is a case brought before the court on a writ of certiorari to compel the payment of \$373 for transcribing evidence in the Rover case. The return of the writ shows that the claim has been paid, so the court orders the suit dismissed and the costs taxed against the respondents. The decision is by Hawley, Justices Beatty and Leonard concurring.

In a Fair Way to Recover.

From Dr. Snow a GAZETTE reporter this morning learned that the two children of Isaac Johnson and the little son of Mr. Van Meter, who have been lying at death's door for several weeks with scarlet fever, are in a fair way to recover. These three cases were several times given up as hopeless, and their recovery may be ascribed to careful nursing and strong, healthy constitutions more than anything else.

Trial of N. S. Sherman.

The case of N. S. Sherman, charged with assault with a deadly weapon with intent to kill, was called for trial in the district court this morning. A jury of twelve men, good and true, have been empaneled to try the defendant, and the case has been going on all day. The defense have entered the plea of self-defense and are contesting the case hotly. A verdict will probably be reached some time this evening.

Weakened.

Solitary confinement and a bread and water diet are pretty strong persuaders. At any rate sheriff Walker has brought his unruly boarders to time with them. They weakened this morning and went out to work with the rest of the gang. Vags will find that Walker tolerates no idling in his establishment.

Acquitted.

The jury in the case of Henry Miller, who was on trial yesterday for burglary, brought in a verdict of acquittal late in the afternoon.

The best watch work done in town is in "Goeggel's" mechanical workshop, west side of Virginia street, Reno.

RECAPTURED.

John Downey alias Charles Glover, an Escaped Jail Bird, Nabbed.

This morning Constable George Avery arrested John Downey alias Charles Glover, for whom a reward of \$50 was offered by Theo. Cunningham, sheriff of San Joaquin county, California. He was held in the San Joaquin county jail at Stockton, under an indictment for robbery, from whence he escaped the 8th of last March. Though only 29 years of age, Downey is an old offender. He used to make this vicinity his stamping ground, and was sentenced to the Carson state prison from this county under the name of Charles Glover in 1874, to twelve years' imprisonment, for an assault with intent to commit robbery. He was arrested for that offense by James H. Kinkaid, who was then acting as under sheriff, at Crane's ranch in Washoe Valley. He had an accomplice, and they showed fight. In the encounter Downey received the contents of Mr. Kinkaid's shotgun in the right breast. He was pardoned and discharged from the state prison in July, 1878. After his release Downey left this part of the country and nothing more was heard of him, until Avery received a printed description of him and the offer of a reward for his apprehension. He gave up when arrested, and acknowledged his identity. He pleaded earnestly with the officers to be released, saying that the charge against him in California was a trivial one and that he wanted to go away and lead a better life. The officers were inexorable, however, and locked him up. He broke down and cried when he found his prayers were useless. Avery has notified the San Joaquin authorities of Downey's capture, and they will probably send for him immediately.

Sutro News.

The following items are taken from the Sutro Independent of yesterday:

Excellent progress was made in the tunnel the past week. There are now 600 miners and mule-drivers employed, and a thorough organization of the working force has been effected. Much trouble was experienced at the outset in selecting good workmen from the mass of inexperienced laborers who applied. This was, of course, to be expected in a region of country in which there are so many men out of employment, owing to the shutting down of work in the mills and mines. During the early part of the week much amusement was afforded by the involuntary immersion into the ditch of unlucky mule-drivers. At such times the air of the tunnel was blue with profanity.

J. A. Casebeer has been appointed deputy postmaster of the town of Sutro. The postoffice will be removed to Twenty-seventh street, one door west of Frederick street.

The board of county commissioners will be applied to at their next meeting to create the offices of justice of the peace and constable of Sutro township.

SUPREME COURT DECISION.

The State of Nevada ex rel. H. H. Beck et al., Relators, vs. The Board of County Commissioners of Washoe County et al., Respondents.

[Virginia Enterprise.]

[OPINION BY HAWLEY, J.]

The return to the writ of certiorari, heretofore issued, shows that after the filing of the petition for the writ, by the relators, the board of county commissioners, ordering that the claim of \$373 for transcribing evidence in the Rover case for the governor's office, be canceled of the record by the auditor; that the auditor, in pursuance of said order, canceled said claim; and made the necessary entry in the books of the county.

The only question, therefore, for us to consider is one of costs. It satisfactorily appears, from the return to the writ, that it was not the intention of the board of county commissioners to ever have the claim paid; that by a verbal understanding between the commissioners and the auditor the claim was audited in order that it might be properly presented for payment to Humboldt county, and in case the said claim was not allowed and paid by Humboldt county that no warrant should be issued on the treasurer of Washoe county for its payment. Upon this showing the proceeding should not be taxed against them.

There was nothing in the public records to show the intention of the officers in allowing and auditing this claim.

It does not appear, from the records before us, that the relators had any knowledge of such officers' intentions. They were authorized to act, and did act, upon the facts as shown by the records of Washoe county.

The respondents in their brief, filed in support of their demurrer, claimed that the county commissioners and county auditor were authorized by law to allow and audit this particular account.

Under the circumstances of this case it is ordered that the writ be dismissed and that the costs of this proceeding be taxed against respondents.

We concur: HAWLEY, J. BEATTY, C. J. LEONARD, J.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, so claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if Brown's fifty cents for what Smith is willing to take for twenty-five, on the grounds that he is lower by the fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Enrich. If you want a suit of fine clothes go to Nathan's or Abrams', but if you want a "goose yolk" rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods lost or square as though sold every marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.

P. S.—Money will be refunded on all goods that do not prove as represented.

YANKEE DODGE & Co.,

And you are further notified that if you fail to appear and answer said complaint, said plaintiff will apply to the Court for the relief demanded.
